

Price Guide Ashton Lamont Wedding Photography & Video

- An affordable professional service throughout the South of England by experienced photographer and videographer Peter Riding.
- Choose from these suggested packages or contact Peter for a personalised quotation e.g. if you require a short duration register office service, multi-day, pre-wedding shoot, second photographer etc.
- Choose your preferred style - informal, relaxed, with the emphasis on storytelling, or a more classic approach with lots of groups and portraits.
- Browse lots of featured weddings via the main Galleries Page online. You can search for your location or venue area.
- Photography Service covering all parts of the day. Can include option for some video e.g. ceremony, speeches, 1st dance – see below.
- Video Service covering all parts of the day (n.b. if no photography required).
- Superb professional photographic equipment is used for the best possible results. Portable off-camera lighting is available in case of poor weather or very low indoor lighting.
- Peter also shoots lots of christenings, parties, anniversaries and other events, and these may be photographed or video'd or both. Please contact for an individual quotation.
- Payments by cheque (payee “Peter Riding trading as Ashton Lamont”), cash, credit/debit cards, PayPal transfers (online via Ashton Lamont website or via PayPal direct transfer to Peter's email address or mobile number), or online bank transfer (this is the preferred and best method, contact Peter for sort code and account number).
- A retainer (deposit) of £250 and a signed contract are required to secure your date. Dates cannot be reserved.

- **Wedding Video (this limited option when added to Photography Service, n.b. see below for alternative unlimited Video Service):**

Peter's popular and long-established service. All parts of the day can be photographed in full typically using two stills cameras. In addition the ceremony the speeches and the first dance can be simultaneously video'd in full typically using two or more video cameras each positioned to capture a different viewpoint whilst not being distracting n.b. the ceremony speeches and first dance are quite static predictable parts of the day and therefore it is very straight-forward for experienced operators to shoot both stills and video concurrently with little or no compromise.

The video footage is then edited to switch between each camera as the event unfolds. The finished "Photo-Video" product has several chapters e.g. Chapter One = Getting Ready (photo slideshow); Chapter Two = Ceremony (full multi-cam video); Chapter Three = Cocktail Hour + Photo Session (photo slideshow); Chapter Four = Speeches (full multi-cam video); Chapter Five = Early Evening (photo slideshow); Chapter Six = First Dance etc (full multi-cam video).. Supplied as DVD, plus in high definition as an MP4 file on USB drive. Option to view & download the video.
